

27/01/2019

Thank you for your e mail and I note your comments below.

As I had previously noted and as referenced in your e mail, the STAG appraisal has recently been completed and its findings will be considered in detail in conjunction with partners and the Service has committed to engaging with the local community in respect of those findings.

I understand the strength of feeling within the community in respect of the development of ferry services for the island the strategic importance of Craignure but as you have highlighted this is not an inconsiderable undertaking and we need to work with those partners, notably Transport Scotland, on the actions arising from the STAG.

I appreciate the keen interest of the Community Council and others on Mull and the service will be in touch once all the of STAG information is considered.

Best regards

C
